LOCAL NH AUTHOR KAREN COULTERS PUBLISHES DEBUT NOVEL AND FULFILLS LIFELONG DREAM

A quintessential Maine setting with page-turning themes: Hope From Daffodils

A Contemporary Romance/beach read novel, of loss, intrigue, friendship, and love.

Karen Coulters, New Hampshire author of *Hope From Daffodils*, publishes her debut novel. *Hope from Daffodils* is a full length, contemporary, small town romance novel of loss, intrigue, friendship, and love. The story is set in the quaint seacoast village of York, Maine.

Readers of her book have expressed delight and enjoy cozying up with this endearing romantic novel. With twists, turns, and characters you will both love and hate, this is one of those books that transports you to live in the world in which it's set.

Karen Coulters grew up in the Midwest and has roots in New England. Traveling to the coast of Maine every summer was the highlight of her younger years. As seemed natural given her love for Maine, she moved there after graduating and met her forever love and husband, whom she married in 1982. She currently lives in New Hampshire, and has two children and two grandchildren. Writing a novel is a lifelong dream of Karen's. Her book is being published by Howland Press on May 1st, 2019.

In Karen's words, "Being a writer, in some format, has always been a dream of mine. Since the time I was a small child, I would write skits, and songs; I love being able to create something from nothing. As an adult, I realized that writing wasn't just for entertainment but a way to make an impact in someone's life; be it a change in perspective or in heart. Words, whether spoken or written, can move people. We are a people with hopes and dreams, and we can choose to allow our pasts to crush our spirit or allow our pasts to be used as a catalyst to move us forward, in a positive and meaningful way. After writing scripts, that were performed for audiences, as well as speaking engagements, I could see the impact that it made, but it was fleeting. A book, however, will last for generations—well after I'm gone."
